Intitulé : PNE 240040 - Database S&P Global - Subscription Capital IQ Pro and ESG/Trucost

Description : The objective of this project purchase is to provide access to S&P Capital IQ data for the entire finance department, including faculty and students. This resource is crucial for supporting high-quality research, teaching, and learning activities by offering comprehensive financial data, market insights, and analytical tools. It will enable faculty to conduct advanced research in areas like corporate finance, investment analysis, and risk management, while providing students with hands-on experience in data analysis and financial modeling. The access will also ensure that the department remains competitive in academic excellence and industry relevance, aligning with our commitment to fostering a robust learning environment.
