SECTION II: OBJET DU MARCHÉ

Intitulé attribué au marché : Consultancy on 'Climate Finance' Investment Vehicle
Description succincte du marché : In order to support the growth and development of the Luxembourg financial centre in the area of sustainable investment products, the Ministry of Finance is looking into ways to set up a financially self-supporting asset structure whose mandate would be to invest out of Luxembourg into climate change mitigation/adaptation projects in developing and emerging markets. The Consultancy is to advise the Ministry on options available for such a structure in terms of its legal form, governance and risk management protocols. The ultimate objective is to create a financing vehicle that invests according to international best practices with regard to environmental, social and governance (ESG) criteria, adheres to a clear set of impact indicators and is complementary to the existing climate finance ecosystem in Luxembourg.
