Intitulé: Awarding of two portfolio management mandates

**Description**: The purpose of this tender is the provision of portfolio management services on behalf of Fonds de compensation commun au régime général de pension (FDC), which set up an umbrella investment company with variable capital - specialised investment fund in 2007 (in accordance with the amended law of 13 February 2007 on specialised investment funds). More precisely, the tender is related to the awarding of two (2) global unlisted real estate mandates to be actively managed and with the objective to generate long term stable performances and regular cash flows through the acquisition of units or shares of unlisted core and, in subsidiary order, value-add real estate UCIs investing in internationally diversified immovable property. The mandates relate to existing subfunds meaning that an awarded tenderer will be entrusted with an existing portfolio. Regardless the investment strategy offered, a proposal must always comply with the investment guidelines as stated in the Issue Document as well as with the terms and conditions of the Investment Management Agreement being part of the tender documents as Appendices 6 and 7. The amount of assets of EUR 500 million for each mandate is indicative and may vary during the execution of a mandate. The term of the mandates shall be three (3) consecutive years with the possibility of renewal from year to year except in the event of early termination by FDC or the awarded tenderer by means of a three months' notice. The maximum duration of the mandates shall be ten (10) years. Proposals will be selected on the basis of the economically most advantageous proposal. The detailed selection and evaluation criteria of proposals, the main stages of this tender as well as any other terms and conditions relating to this tender are specified in the Tendering Procedure and Guidelines, which can be downloaded from the public procurement portal (www.marches-publics.lu).
